

PROSPECTUS OF THE ILLUSTRATED FAMILY FRIEND. A NEW PAPER, For the Fireside, the Parlor, and the Leisure Moment.

TO BE PUBLISHED In Columbia, S. C., on the first of November next, S. A. GODMAN, Late Editor of the Laurensville, S. C. "Herald," Author of "The Slave," "For and Art," "The Ocean Born," &c., &c.

NOT from the lack of Newspapers in the Palmetto-State, nor from their want of ability—for we feel proud to know that the Press of South Carolina will compare favorably with that of any State in the Union—are we induced to anticipate the success of the ILLUSTRATED FAMILY FRIEND.

But, whilst cheerfully acknowledging the marked and unmistakable talent displayed in the management of our contemporaries, and cordially wishing them a full support and generous patronage, we yet think there is an ample field, now unoccupied, for the growth and expansion of the paper which it will be our endeavor to make, not only nominally the Family Friend, but really and sincerely the Friend—leal, loyal and true—of every family in the State.

The fierce and fiery discussion of party politics, the useful, but dry records of commerce and traffic, as leading features, we will leave for the pens now so active and eloquent in their service; and whilst we will give to both subjects, as much space as will be desirable to the general reader, our greatest object and principal aim will be, the ennoblement, elucidation and exaltation, of the Pure, the Beautiful, the Useful and Instructive, in the paths of Morality, Virtue, Literature, Science, Art and Agriculture.

The Ideal being more easily comprehended and more captivating, when combined in some degree with the Material—we will bring the Artist's skillful hand into requisition to illustrate the mind's conceptions, and to render the Family Friend as nearly perfect as it is possible to make a physical means adapted to a mental end. In every number, therefore, we will give, in addition to a large amount of original reading matter from the pens of

WRITERS OF ACKNOWLEDGED POWER AND GENIUS,

AT LEAST FOUR HANDSOME, PERTINENT, AND ELEGANTLY EXECUTED ENGRAVINGS.

To stimulate the young to renewed exertions in the pursuit of knowledge, fame and fortune—and to encourage those who have already entered upon the actualities of life, to persevere and be steadfast in their strivings onward and upward towards the goal of their hopes, has in all ages and in all countries, been considered an object worthy of the noblest ambition. To effect ends so desirable, what means can be imagined more likely to prove efficacious, than would familiarity with the painful struggles undergone, the privations borne, the difficulties overcome, by men now living, who have distinguished themselves, either as Scholars, Statesmen, Politicians, Jurists, Physicians, Divines, Authors, Artists, Merchants, Mechanics, Military men, or Agriculturists. Consequently, as a new, and we think very valuable feature, we will give

IN EVERY ISSUE. A CORRECT LIKENESS OF SOME PROMINENT SOUTH CAROLINIAN, WITH AN AUTHENTIC BIOGRAPHICAL SKETCH.

These are brief, very brief hints, at the intentions and purposes of the ILLUSTRATED FAMILY FRIEND—the narrow limits of a Prospectus will not permit us to make them more full; but, as they are, we trust they are ample enough, to conceive every candid and intelligent person, that though we intend not to boast, we design publishing a paper that will be worthy a liberal support.

MEMPHIS, Tenn., March 1850.

The Faculty, for intellectual abilities, moral worth and professional acquirements, will compare favorably with the most distinguished in our country. The medical faculty constitutes an anomaly in this or any other country—all of them are able lecturers and the best of teachers.

Those who will contemplate our geographical position, and the extent of our population, can have no doubt as to the eligibility of our situation for an enterprise of the kind. As to health, including all seasons of the year, we deny that ANY OTHER CITY HAS MORE.

A common error exists in the minds of many students relative to the place of studying medicine; those who intend practicing among the diseases of the West and South should certainly educate themselves at a school whose faculty are practically acquainted with those diseases.

That the public may be satisfied of the permanency of this school, we feel it

to state, that the Trustees and Faculty

UNIT in action which augurs well for its future success; and that the peculiar internal organization which connects them, cannot be interrupted.

DR. HOOFLAND'S

CELEBRATED GERMAN BITTERS,

PREPARED BY

DR. C. M. JACKSON,

AT THE GERMAN MEDICINE STORE,

120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, it is equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians, had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, Jan. 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock, Va., Jan. 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among these we consider worthy of notice is the German Bitter, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Brabill, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after using it, was much relieved of his distressing malady that he procured another bottle, and is restored entirely to health.

READ FURTHER A FEW FACTS.

The "Philadelphia Democrat," the leading German journal of Philadelphia. The editor said, Nov. 24th—

"We again call attention to the removal of the German Medicine store, the principal depot for the sale of Dr. Hoofland's German Bitters, from 278 Race to 120 Arch street, one door below Sixth. Owing to the increased demand for this medicine, for the accommodation of its numerous patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the greatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhea has come under our notice, wherein the patient had been treated by the Materia Medica of the different schools of medicine with an apparatus which he was induced to use these Bitters, and a few bottles of them have entirely cured him. Many such cases we could refer to. We hope our readers will recollect this great restorative, should they be so unfortunate as to require its use. Dr. Jackson possesses the original unpublished receipt of Dr. Hoofland, and he prepares and calls at his store, or see that his name is written upon the wrapper outside, and blown in the bottle, as imitations of all good articles are common."

Judge M. M. Noah, a gentleman with great scientific and literary attainments, said in his "New York Weekly Messenger, Jan. 6, 1850,

"Dr. HOOFLAND'S GERMAN BITTERS.—Here is a preparation which will lead the press in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. It is specially recommended in liver complaint, dyspepsia, debility, vertigo, acidity of the stomach, constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances we feel warranted not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all Americans."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are raised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the Faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor is, that there is more of it in use in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure liver complaint and dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can easily be cured, to female or infant with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeits to put forth a spurious article at the risk of the lives of those who are innocently deceived.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.
